5600 Camerata Way, #304, St. Louis Park, MN 55416

Mobile Phone: (612) 245-5299

Email: [stan@naspinski.net](mailto:stan@naspinski.net)

**Software Engineer**

## QUALIFICATIONS SUMMARY

Over 15 years of experience with the entire development process: requirement gathering to development, deployment and testing, with strong communication skills. Well versed in many programming, query, and markup languages. Specializing in C#, .Net Core, SQL, Windows Azure, Azure DevOps, Asp.Net MVC, WebAPI, Angular, React, Asp.Net, Umbraco, JavaScript, TypeScript, jQuery, Xamarin Forms, knockout.js, Entity Framework, and HTML; staying current on trends and useful techniques such as ORMs, Unit-Testing, new frameworks, etc. Experience in multiple other areas to a degree including Ruby, Android, Java, C++, PostgreSQL, and more - excellent at self-teaching and learning on the run.

## CAREER EXPERIENCE

See <https://www.linkedin.com/in/naspinski> for full list of experience.

### **Emergent Software – Edina, MN**

**2020 - Present**

*Senior Software Engineer*

- Custom software development including website/mobile development, system integrations, cloud enablement, maintenance & much more.
- Participate in enterprise architectural decisions on structure as well as the technologies used; very current on newer technologies.
- Involved from planning and architecture through final development; lead developer on multiple projects.
- Full stack: MSSQL, Entity Framework, .Net Core (C#), Asp.Net WebAPI, Angular, React, Typescript, Material, Umbraco, etc..

### **DCIP – Edina, MN**

**2012 - 2020**

*Senior Software Engineer*

- Plan and develop software for central control of major movie theater companies in collaboration with major movie studios.
- Cloud development in the Windows Azure environment including optimization, fault tolerance, distributed systems, etc.
- Full stack: MSSQL, Entity Framework, .Net Core (C#), Asp.Net WebAPI, Angular, Typescript, Material, etc..

### **General Dynamics Information Technology – Baghdad, Iraq/Tampa, FL/NATO HQ, Belgium**

**2008 - 2012**

*Web Developer*

- Developed multiple database driven applications to streamline and eliminate error prone practices; handled entire development from working with the customer to develop requirements all the way to testing and deployment.
- Rebuilt processes from Excel/Access to web/SQL apps; extensive use of Asp.Net MVC, Asp.Net, C#, jQuery and SQL 2005.
- Developed systems for tracking \$20+ billion worth of purchases and disbursements; saved hundreds of man hours.

### **United States Air Force - Warner Robins, GA/Hampton, VA, Minneapolis, MN**

**2005 - Present**

*Captain/Crew Commander/Director of Operations/Software Developer/Flight Commander*

- Chosen to stand-up and command Mission Defense Team flight in Minneapolis; to develop/maintain network defense for C-130 aircraft
- Hand-picked to serve as Crew Commander for Eastern Integrated NOSC at Langley Air Force Base, VA.
- Provided network defense, Active Directory and email to over 350,000 members of the Air Force – the Eastern half of the globe.

## OPEN-SOURCE PROJECTS

<https://github.com/naspinski>

**FoodTruck.WebApp** – Core/React Food Truck application

**Messaging** – .Net Core Email and SMS

**Slick-Ticket** – Trouble Ticketing System

**Maps** – .Net Core Google Maps library

**Data** – .Net Core query/command pattern

**AzureStorage** – .Net Core Azure Storage

**Utilities** – .Net Utility Package

**DotNetSqlGenerator** – .Net Sql Generator

## EDUCATION

**University of Minnesota - Minneapolis, MN**

**University of South Florida - Tampa, FL**

**TUI University - Cyprus, CA**

**University of Minnesota - Minneapolis, MN**

*M.S. Software Engineering*

*M.S. Computer Science*

*MBA Information Technology*

*B.S. Computer Science*

## PROFESSIONAL CERTIFICATIONS

**Top Secret Security Clearance (current)**

**CompTIA Security+**
